Why Attend

Course Introduction

In today's rapidly evolving work environment, where cost-cutting and resource scarcity are prevalent, managing conflicting priorities and maintaining a work-life balance can be challenging. The pressure to stay motivated amidst setbacks, negative feedback, and tight deadlines, coupled with the need to meet rising expectations from both internal stakeholders and customers, can be overwhelming.

This Building an Agile Mindset and Being Agile in the Workplace training course is designed to help participants shift their mindset and attitude towards change, enabling them to proactively manage tasks, meet deadlines, and achieve team objectives. Through the course, you'll gain inspiration and motivation to build positive relationships, continuously improve your skills, and enhance career satisfaction. By developing these competencies, you'll foster active engagement and pave the way for sustainable success in a competitive landscape.

This training course will feature:

- The concept of agility
- The agility mindset and what it means
- Five different ways in which to be agile
- How to achieve organizational agility
- The essence of an agile leader

Course Objectives

By the end of this training course, you will be able to:

- Understand the agile mindset and how it is used to grow
- Apply agile behaviours in your everyday tasks
- Identify your own weaknesses and to use feedback for personal transformation
- Effectively utilize the tools to inform and influence organizational agility
- Identify key stakeholders and how to build relationships that support agility

Course content

Course Objectives

- Motivate and engage employees to face challenges with positivity and dedication

Who should Attend?

This training course is suitable to a wide range of professionals but will greatly benefit:

- Professionals who want to improve cross-functional collaboration
- Department heads, supervisors and managers leading others
- Professionals who have an interest in a leadership position
- Anyone who wants to achieve personal growth and learn new skills
- Decision makers who manage challenging tasks and strict deadlines
- Professionals who want to gain a competitive advantage in their career or industry
