Why Attend

Organizations that succeed over the long term are those that continuously adapt, evolve, and align their people, processes, and strategy. Organizational development (OD) is not just a theoretical concept—it is a practical discipline that drives performance, strengthens culture, and enables sustainable growth.

This course is designed to provide a hands-on understanding of how organizational development principles are applied in real workplace settings. It focuses on diagnosing organizational challenges, designing effective interventions, and leading change initiatives that improve performance and engagement.

Participants will gain practical tools to assess organizational effectiveness, manage change, and build a culture that supports continuous improvement and innovation.

Course Methodology

This programme uses a practical, action-oriented approach:

- Real-world case studies and organizational scenarios
- Group discussions and interactive workshops
- Diagnostic tools and assessment exercises
- Role-playing and change simulation activities
- Practical frameworks for implementing OD initiatives

Course Objectives

By the end of this programme, participants will be able to:

- Understand core concepts and frameworks of organizational development
- Diagnose organizational challenges and performance gaps
- Design and implement effective OD interventions
- Lead and manage organizational change initiatives

Course content

Course Objectives

- Improve employee engagement and organizational culture
- Align people strategies with business objectives
- Measure and sustain organizational improvement efforts

Target Audience

This course is suitable for:

- HR and Organizational Development Professionals
- Managers and Team Leaders
- Change Management Practitioners
- Learning and Development Specialists
- Business Partners and Strategy Professionals
- Anyone involved in improving organizational performance

Target Competencies

Participants will develop competencies in:

- Organizational diagnosis and analysis
- Change management and transformation
- Culture development and employee engagement
- Strategic alignment and performance improvement
- Leadership in organizational change
- Problem-solving and decision-making in OD
- Implementation of development initiatives
